

Demo Day (9th of April 2025)

The venue: CSB-G009 (Group 1 and 3), CSB-G010 (Group 2 and 4).

Time: 10:00 – 12:00 (for Group 1 and 2), and 13:00 – 15:00 (Group 3 and 4).

You will be set up at your own station or table, and staff will move around the room visiting each project. These visits will be informal but professional, giving you the chance to present your work, explain your ideas, and respond to questions.

This is an open session, so don't expect visits only from your supervisor and second marker. Feel free to participate – get involved 😊.

You are strongly encouraged to speak with your supervisor in advance to clarify what you should prepare and showcase on the day. This may vary depending on your project's nature and stage of completion, so it's important to align expectations.
