

The Module:

5 Credits Module

- Unlike PEP — The module completed at the end of Semester 2 (March 2024)
This module is graded (Letter grades) - i.e., your assignment will be graded, and you will receive a final grade (NOT pass / fail), just like the other modules.
- 100% Continuous Assessment (CA)
Repeats will also be CA-based, hopefully, we will not get to this 😊
- Module coordinators:
 - Dr. Effirul Ramlan (CS)
 - Dr. Adrian Clear (CS)
 - Dr. Orla Richardson (ME)
 - Dr. Martina Kelly (Philosophy)
- All the materials are available on Canvas (online mode)
You will get notes, videos, slides, and (of course) your assignments and announcements
